

Dear parent or guardian,

Good news!

In partnership with Smile New York Outreach, we are offering in-school dental care. If your child does not receive regular dental care or getting to the dentist is a burden, the in-school dentist is coming to help!

No cost to you

You will be asked to provide your Medicaid or private insurance information, which covers all costs. For those without insurance, Smile New York Outreach will see your child at no cost to you.

Convenient and comfortable

Our in-school dental program saves you time and provides a safe and comfortable place for your child to receive gentle dental care from licensed local professionals. Our program provides a complete dental exam, X-rays, cleaning, fluoride, sealants when necessary, and in some cases, restorative care such as fillings.

Dental care for a healthy life

Children who see a dentist regularly may have fewer health issues like:

- Early tooth loss due to dental decay
- Gum disease
- Heart disease
- Impaired speech development

Help keep your child healthy, in school and smiling bright!

Complete the permission form and return it to the school TODAY.
